CORBETT IN LINE.

Will Support Democratic Nominee This Fall.

Has Proffered His Services on the Stamp to Chairman Jones.

Hal Corbett, of Paducah, who supported the Brown movement last fall in opposition to the regular Democratic ticket, announced that he had tendered his services to Senator Jones, of the National Democratic Committee, to speak for Bryan and Stevenson in this State during the coming campaign. He further announced that he was supporting Gov. Beckham for re-election and expected to vote the regular Democratic ticket this fall.

In stating his position, Mr. Corbett said:

"I will support any good man for Governor this fall who is nominated on a decent platform. I am for Mr. Beckham for re-election. Since he succeeded Mr. Goebel as Governor, although placed in the most trying situation, he has shown himself to be a man of excellent poise and with a thorough understanding of the situation. He is fully entitled to the nomination, and I am his strong supporter. I mean by a decent platform a platform which will demand the annulment of the Goebel law, but should that demand not be made I would still support the Democratic nominee because the fight now in this State is between Kentuckians who defend Taylor's course and those who defend the civil arm of the Government to the supreme. Last year the Brown Democrats fought for principle, and I consider that the paramount issue now is whether Taylor in his action should or should not be condemned.

"The Democrats who supported ex-Gov. Brown last year and who this year will support the Republican nominees will be few and hard to count. They will support heartily the National Democratic ticket and whoever the nominee for Governor may be.

"In my district (the First) Gov. Beckham will surely get the instructed vote of Ballard, Hickman, Graves, Fulton and Galloway counties, but there is some doubt about the business in McCracken county. There is no possibility of a fusion between the Brown Democrats and the Republicans in the First district, and I look for the old-time Democratic majority.

"We will support the National ticket also. The nominees are the strongest that could have been made and the platform is Democratic throughout."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years, was supposed incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved catarrh to be a constitutional disease, and therefore requires constitutional treatment. Halls Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They off a one hundred dollars for any case it fails to cure. Send for circular and testimonials.

The children of the Methodist Sunday School gave a most enjoyable picnic in Frewitt's woods on last Thursday, Mr. J. S. Frazier, Superintendent of the school, accompanied them, and by his usual good humor and tact added much to the pleasure of the little ones.

"What She Could."

This is a true story, although it may sound to some like fiction. The heroine is a real person, a woman, who, for more than twelve long years, has been a helpless invalid. When not confined to her bed, she spends her time in a wheel chair, and has to be lifted into and out of it as if she were a baby. Her hands, arms and shoulders are drawn out of shape and stiff, so that she can not reach her head, not having combed her beautiful hair in all those years. Much of the time she is almost blind, being entirely deprived of the privilege of reading, and her sense of hearing is seriously affected. Surely if there are those who might exuberantly feel exempt from participating in the great work of saving the lost, this sufferer is one of the number. But she does not wish to be excused. Handicapped as she is, she does an immense amount of work, and thus, to a great extent, forgets her own intense suffering while planning and praying and working for others. She raises money by selling beautiful and useful little articles made by the pupils in mission schools in Japan and Korea. Within the last six years she has realized more than a thousand dollars in this way alone, which has been devoted to the work in those countries. Besides that, she sends them large collections of pictures, cards, postage stamps, dolls of various kinds, and anything that she thinks will please and instruct the little ones. Useless as her hands seem, she nevertheless manages to write numerous letters, and thus keeps in direct communication with the missionaries. A chapel in Japan is named for her, and she is known and loved in that far-off land, as well as in her own home. All the missionary societies in her town cooperate with her, and she assists all, saying to each for Christ. She also does much for home missions, sending numerous contributions of money, clothing, books and magazines to the needy districts within her own State. Through her influence several young people have decided to give their lives to the cause of missions, and some of them are already on the field, one a medical missionary in Korea.

Thus her days lengthened into months and years, and still she keeps faithfully on—doing what she can. Often she gets tired and homesick to be with Jesus, but says she must patiently await the good Lord's time, and in the meantime she must keep busy about her father's business.

Once this great sufferer was a beautiful girl—the very picture of health and happiness. I knew her as a schoolmate and loved her. Years rolled by, and I lost trace of her. But one day a friend was telling me of the marvelous achievement of this heroic Christian. It seemed the merest chance that she dropped her maiden name; but it fell on my ears like a ripple of sweet music from the sunny land of long ago.

I could almost hear her rich, melow voice floating in merry laughter through the old school halls or on across the well-worn grounds. I mist what changes that art even working.

I wrote to this friend of my youth not half expecting an answer. But here, an answer came, written by a piece-meal—a beautiful, affectionate letter, as though she was writing to a sister. She told me of her affliction, and then went on at length, describing her work and her blessings. She told of the beautiful young men just blooming into womanhood, her only child, that had been called from earth a few years ago. "But oh!" she said, "she seems so near, and Jesus seems so near, and Heaven so near; and I am so blessed. I have a good kind husband, a lovely home, and everybody is good to me. I can not enumerate my blessings. Your letter is one of them; for it is so sweet to be remembered by the old-time friends. Of course, my sufferings are very great and I am shut in from the world and never have the privilege of attending church. But the loving Father gives me strength and patience to bear my burdens and he sends me many good friends and drops to my lap so many little things that I can do for Him and that I so much love to do."

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation.

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way better to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from alum. They may cost less per pound, but their use is at the cost of health.

Christian faith and heroism. This brief sketch has been written in the hope that it might be an inspiration to some sufferer who feels depressed on account of misfortune, or a rebuke to God's glorious work; or a rebuke to those who have health and strength, sight and hearing, and yet who do almost nothing to bring a lost world home to God. Already our poor woman, similarly afflicted, listened eagerly to the story and a new light seemed to break in upon her troubled soul. Her thoughts were lifted from herself and her environment, and she is looking out upon the world and up toward Heaven, and thoughts of how she, too, may do something, are germinating, and in time will bring forth fruit. There are others, scores, yes hundreds, who might profit by hearing the simple story of this consecrated life.

The Progeny of an Alcoholic.

Among the many directions taken by the French in the very landable battle now being waged by them against the steadily increasing curse of alcoholism in that country, is the collection of statistics showing the hereditary effects of alcoholism on the descendants of drunkards. A French Journal quotes the following from a report made by Dr. Peilmann, of the University of Bonn, on the lineal descendants of one Alk Jurke, a punper born in 1740, and who died in 1800. Seven were convicted of assassination and punished accordingly; 76 others were convicted of minor crimes of all grades; 144 were merchants by profession; 61 others were cared for by various public charities, and finally, 181 were prostitutes. The sum total spent by the government on the maintenance, surveillance, prosecutions, etc., of the members of the family amounted to over six millions of francs (about \$1,150,000).—National Druggist.

CHANGES

HIS PARTY ALLEGIANCE.

Former Congressman Henry U.

Johnson, of Indiana, Comes

Out For Bryan.

Henry U. Johnson, who represented the Sixth Indiana district in Congress for a long time, has written a letter to John W. Kern, Democratic candidate for Governor, in which he states that the Kansas City ticket and platform are satisfactory to him and that he intends to vote with the Democrats this year.

While in Congress Mr. Johnson gained a reputation for devotion to duty, brilliant oratory and independence of action. He did not agree with the war and expansion ideas of the Administration and as a result he had several tilts with the Republican side of the House.

At the close of his services Mr. Johnson removed to St. Louis to practice law, but his health failed him and he has announced that he will return to his former practice at Richmond. He will take an active part in the campaign for the Democratic ticket.

In some of the Swiss valleys the inhabitants are all afflicted with golfe or "witch neck." Instead of regarding this as a deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes jeered by the gossamer inhabitants, because they are without this offensive swelling. Thus a form of disease may become so common that it is regarded as a natural and necessary condition of life. It is so to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drains, or female weakness, and this suffering is so common and so universal that many women except it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eat up ten years of her life between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sick women well.

Killed On Turkey.

Near Harrodsburg, on last Monday afternoon Forrest Alford shot and instantly killed William Overstreet. Both are farmers and men of families, and the trouble dates from last fall, when Overstreet killed several turkeys belonging to Mr. Alford, and then sent Alford word to come and drive the others off his place. The two men, who were neighbors, met on the highway, and Overstreet drew a knife and advanced upon Alford, saying he intended to kill him. Alford then drew a pistol and fired five times at Overstreet, every shot taking effect.

Our Candidates.

The religious status of the Presidential and Vice Presidential candidates are varied in the extreme. Wm. Jennings Bryan is an older in the Campbell Church, his father was a Baptist. McKim, President McKinley was a steward in the Methodist Episcopal Church. Mr. Stevenson is a Presbyterian, while the redoubtable "Teddy" Roosevelt marches 'neath the Episcopalian banner.

Men may differ on politics, religion or finance, but all who have tried Banner Syrup are agreed as to its worth for cuts, burns, sores, piles and skin diseases. It's the most healing medicine in the world.

Hon. W. J. Bryan is at his
home in Lincoln, Nebraska as getting
into shape his campaign matter, while
McKinley is at home in Canton feeding those who may be
brought to his door on chestnuts
as of yore. Bryan is a man of his
own conviction, McKinley of his
bosses.

John W. Yerkes in company
with other Republican repre-
sentatives endorsed Taylor's methods
during our late troubles in toto,
but when the voters were asked
to give the whitewashing some of
them, he said to their credit,
said no such resolutions if you
please.

Constitution wrecking marks
the policy of the McKinley ad-
ministration on every hand. A
Republican Judge remarked the
other day: "President McKinley
in my opinion has gone so far in
violation of the Constitution as to
warrant his impeachment." Why
replied the friend, to whom he
made the remark, you must be a
Democrat. "No," said the Judge,
"but I am a lawyer." If the
constitution could be abolished
and the declaration of independ-
ence forgotten McKinley would
have an easy time.—New Eng-
land Democrat.

With the Republicans every
man that don't see their way is
vile and mean. Irregular Demo-
crats of today were in their list
of mean, contemptible and dishonest
men yesterday. They will contin-
ue to love them only so long as
they can use them. A Democrat
may purger himself in the interest
of Republicans and he is a good
fellow, but the moment he begins
to act according to principle and
vote according to judgment he is
denounced as a purger, a bolter
a mugwump, epitets with which
to demean his character are hard
to find. For instance the Courier-
Journal was the reliable journal
with correct methods in '96, but
when it saw how it had erred and
returned to its first love it was
vilified and nothing was too mean
to say about that Journal and its
editor. What they will say of one
they will say of all under similar
circumstances.

GIVE HIM THE LAW.

It has been authoritatively stated
that there had been a scheme on
foot to assassinate President Mc-
Kinley, and but for the reason
that one accessor weakened and
revealed the plot the President
would in all probability have been
in his grave. We say find the
man or men—be sure of the
right ones and then punish them
to the full extent of the law.
There is no room for such would
be assassins in this country.

If we understand the Congress-
ional Convention at Paris, whether
the ruling of the chair was right
or wrong, since it was not appeal-
ed from it was binding, and when
Mr. Trimble and his followers re-
fused to be bound by it and or-
ganized another Convention it was
a bolter. Mr. Trimble blundered
when he went out, and the Con-
vention had but one thing to do,
decide in favor of one candidate
or the other before it. It did this
and Mr. Moody became the candi-
date. Trimble is not the Demo-
cratic nominee and is not
entitled to any place whatever on
the ballot. His name may be
written and in this way be voted
for but that is all.

The spotless, white-winged
John W. Yerkes, the liberty lov-
ing man who would endorse the
stealing of a President, who thinks
that deed worthy to be honored
which relieved Southern people of
legal property even to Sherman's
destructive march to the sea.
Don't speak of that now for it
is more than thirty years old. They
took by force legal property with-
out a dollar remuneration. They
stole a Presidency, no doubt
about either, and what they have
done they stand ready to repeat.
Think of the trusts of today. Who
realized the remunerative price,
the man who by the sweat of his
brow grew the cereals or the com-
bines? What party fosters trusts?
Who is it that is holding down the
price of wheat until it can be got-
ten from the hands of the growers?
Democrats? nay, Republicans.
What they have done in the past
they will repeat in the future.

Democratic Convention.

At a meeting of the delegates
from the various precincts in Mont-
gomery County and the City of Mt.
Sterling, held at the Court House
at 2 o'clock p. m. on the 16th day
of July, 1900, for the purpose of
instructing delegates to attend the
convention to be held at Lexington,
Ky., on the 19th day of July, 1900,
for the purpose of nominating a
Democratic candidate for Governor
of Kentucky. The meeting was
called to order by Hon. H. R.
Prewitt Chairman, of the Demo-
cratic Committee for said county.
Upon motion of Ben R. Turner, A.
Hazelrigg was chosen Chairman
of said convention, and on motion
of Judge John E. Cooper Squire
Turner and J. W. Hedden were
selected as Secretaries.

On motion of Henry Gillispie, the
following resolutions were offered
and adopted, to-wit:

1st. RESOLVED, That we heart-
ily endorse and approve of the plat-
form adopted by the Democratic
party in convention assembled at
Kansas City on July 4th, 1900, and
we pledge our earnest support in
the endeavor to place Kentucky
safely again in the Democratic col-
umn, that we may have four years
of the people's rule, headed, aided
and encouraged by the greatest
American statesman now living,
William J. Bryan.

2nd. That we approve of the
course pursued by our young and
talented Governor, J. C. W. Beck-
ham, during the contest for Gov-
ernor of Kentucky. That it is the
sense of the Democracy of Mont-
gomery County, that he occupy a
place near and dear to our hearts,
but believing that another Demo-
crat just as loyal and just as true
under the present condition of
affairs in Kentucky better solidify
the different forces in Kentucky,
we believe his renomination a mis-
take, and having faith in the
courage, statesmanship and true De-
mocracy of the Hon. James D.
Black, of the County of Knox, the
delegates of this convention are
hereby instructed to cast the vote
of Montgomery county for said
Black as their nominee for Gov-
ernor, and to use all honorable means
to secure his nomination.

IN THE PHILIPPINES.

Strength of the American Army On

June 30 Was 63,426 Offi-
cers and Men.

A statement prepared by the Adju-
tant General shows that the total
strength of the United States army in
the Philippines June 30 last was
63,426 officers and men.

Of that number 31,821 are regulars
and 31,605 volunteers, distributed
among the different arms as follows:
Infantry, 54,368 officers and men;
cavalry, 3,462; artillery, 2,291 and
staff corps, 3,276. The total strength
also includes 1,310 officers and
men of the Ninth Infantry since trans-
ferred to China.

Rain in India.

The Secretary of State for Indiana,
Lord George Hamilton has received
the following from the Viceroy
of India:

The rainfall for the month of June
was appalling. The number of inches
receiving rainfall is 6019.000.

The Governor of Bombay telegraphed
to the Viceroy of India as follows:
There were 10,339 deaths from
cholera and 6,502 deaths in the fam-
ine district during the last week in
June. The total deaths on the relief
work in the British district were
5,522. The number of the relief
works increasing rapidly in conse-
quence of the deaths. The number of
volunteers of the death is increasing
in the affected districts.

Give up your Weapons.

During the trial of those accused of
killing Gov. Gooel all persons enter-
ing the court house at Georgetown
were searched. On the floor of the
court of the courtroom stood two In-
dian Sheriffs, and every person en-
tered was thoroughly searched and
counted weapons. Those who carried
ed revolvers, or knives of any great
length, were made to disarm them
before they were admitted. Ex-
Gov. Brown objected strenuously to
being searched, but the Sheriff told him
that they had to obey orders, and he
was to go to the court room where
he would have to go through the or-
deal. He protested a second time,
but finally told the men to make
their search. The ex-Governor
carried no weapons and was allowed to
go his way. This rule has been ad-
opted in order to preclude any chance
of personal fatalities.

JULY COURT.

BY ASA BEAN, LIVE STOCK EDITOR.

ABOUT 200 cattle on the market. Quality was better than last court. Trade was very dull; the dry weather seemed to knock all life out of it.

The best 800 pound steers sold at 4 3/4c, but most of sales were at 4 1/2c; heifers 3 3/4c to 4c; cows 3 to 3 1/2c; bulls 3c; canners 1 1/2c to 2c.

There was only a medium crowd present, and a good many cattle left over unsold.

There was fully 2,500 sheep on the market. Trade was more better than in cattle, but was not brisk by a good deal. The best ewes brought \$1.25 per head, picked. Most of sales at \$2.50 to \$4 per head; wethers at 3 1/2c to 3 3/4c; 60 lb lambs at 4 1/2c; bucks at 1 1/2c to 2. A good many sales made, but quite a number of sheep were left over unsold.

CATTLE SALES.

It was very hard to get sales and we have only a few to report.

J. D. Reid bought 16 800 lb steers of Green Allen at 4 3/4c. These were picked 2-year-olds.

Humphrey Oldham sold 20 900 lb heifers to Greene & Lyman at \$3.65 and a premium.

H. S. Caywood, of Bourbon county, bought a bunch of 950 lb steers of W. W. Reaser at 4 1/2c.

John Crouch, of Bath county, bought some rough 1000 lb steers

of Dave Risener at \$1.20. Mr. Crouch bought about a car load of canners at from \$1.25 to \$2.

N. B. Lyons sold 12 700 lb heifers to Dave May, of Bourbon county, at 3 3/4c.

A good many other sales at about these prices.

SHEEP SALES.

J. W. Chenault bought 25 nice ewes at \$4.25.

Cap Gillespie bought 100 98 lb bucks of L. C. Bayze at 1 1/2c.

O. H. Downing sold H. C. Gillespie 100 103 lb wethers at 3 3/4c. These were contracted for last court. Same party sold 42 ewes at \$4 to Mr. Gillespie.

Greene & Lyman bought a bunch of 68 lb lambs of G. H. Downing at 4 1/2c. Mr. Downing sold 100 ewes to Dave May, of Bourbon county, at \$3.60 per head. John Bayze sold 160 to Dave May at \$3.40.

Green Allen sold 200 ewes to Robt. Gatewood at \$4 per head.

HORSES AND MULES.

Very few mules on the market. One pair brought \$275.

M. Beard, of Lexington, bought 15 at from \$50 to \$125.

Horses dull and very little doing. Some sales at from \$50 to \$100; the latter price for some pretty fair horses.

No fine horses on the market.

Mr. Editor of the advocate how is the political machine getting along down in the settlements. We folks up here hardly ever here from you all down in the blue grass, once and awhile we get to see a fellow from down there but not often. mee and my old woman were going a cross foot mountain the other day and we met a gentleman whom we tohen to be a town man from sum parts of the settlements we stopped and had a little talk with him, he had on stor cloths all so had a 32 rifle with him, the olde woman tackled him for a quid of tobacco and he drew out a big pug of flat tobacco, then we knew he must be from sum place or another. Jane, that's the old woman's name she calls mee hun for short, says after we parted from the man I beleav that

So wee jogged along on our trip we were going over to our sun-in-laws Jim Suppers he live two miles up Sorgan creek at the foot of toad mountain, and shure enough Jane wer rite in her opinion. Wee hardly got in the house until Jim begin telling us about a big fine looking moon shine lawyer being at his house. Jim sed he did not no the jintleman's name, but he lerd enough to no the fellow was true blue democrat, in a few minutes Jake Spoon came in and pulled his hat off and hung it on his hed, and he begin telling about what a time he had in the morning after a Rabbit he sed the hon. Henry Watson had stayed all night with him and he wer bound to have sum neet for breakfast or bust. Then the the thing were explained, so it wer the hon. O. Laughlin & Son.

In Memory of Howard Wilson.

Howard Wilson, whose death on July 8 we noticed last week, was born near Haz Green July 25, 1853. His first marriage was to Miss Conroy, of Missouri, who bore him one child, Miss E. tier, who is an attractive young woman, survives him. In May 1887 his second marriage occurred to Miss Lizzie Tipton, of this county, who with her son, Tipton, mourn his death.

Howard Wilson was energetic, honest, kind and devoted to his friends. In politics he was an ardent Republican, ever loyal and ready to do for his party.

In the discharge of his official duty as a U. S. Deputy Marshal, he was brave and courageous, perhaps not so cautious as he should have been.

He is a cousin of our junior editor, B. W. Trimble.

His funeral service on Tuesday was very largely attended.

Rev. Robertson and Clark spoke in highest terms of civil officers, who in the protection of lives of their fellow men and the preservation of the peace of the community, sacrifice their own lives.

A host of friends join with us in sympathy with the family so afflicted by his death.

PENALTY

Asked For From Tobacco Warehousemen.

In Louisville last week nine ship-warehouses to tobacco filed suit against warehousemen to recover the penalties fixed for the violation of the McClellan law prohibiting the making of certain charges.

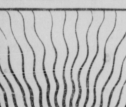

It is claimed that the defendants failed on divers occasions to account to the plaintiff for the full weight of the tobacco sold, keeping for themselves the sample of ten pounds. Various other violations of the statutes against illegal charges are alleged.

Kentucky Taxes Will Be Reduced.

The State Board of Equalization filed its report with the Auditor. Grand total assessed value of all property subject to equalization is \$574,867,964. While this is an increase of about \$10,000,000 over the assessment of last year, the amount of tax to be realized will be \$226,000 less than last year, owing to the decrease of the tax rate from 32 1/2 to 47 cents, besides which the assessment of shares of stock of National banks also falls short, knocking the State Treasury out of about \$100,000. The report shows that there was raised in the State last year upward of 1,250,000 acres of corn.

Valuable Farm Sold.

OMISSION OF SILVER

From Platform Would Have Forced It To The Front.

Representative Richardson, of Tennessee, who was permanent chairman of the Democratic Convention at Kansas City, says regarding the Democratic platform: "The controlling reason for using the phrase 'I am in the platform' was because some thought that while free silver was not the issue this year, yet it was omitted the very fact of the omission would give it more prominence and possibly cause it to be discussed more than if it were simply repeated in the platform."

Too much Pork: Not Enough Fat.

Without doubt the fat in pork is about as hard to digest as anything else. A person has to have a strong digestion and must be engaged in hard work in order to take care of this food, although it is true a large number of persons depend upon it especially through the cold weather. The fact is, however, that as a rule fat is largely deficient in our food; that is, a fat which can be easily digested and promptly assimilated by the system. Cod liver oil, as we find it in Scott's Emulsion, is the most easily digested of all fats. It is just the food the body must have to give it nerve power, brain power and digestive power.

Special Elections.

Gov. Beckham on Monday issued a proclamation calling for special elections on Monday, August 6, to fill legislative vacancies in the Campbell, the Boone-Gallatin-Owen and the Henderson-Tyson Senatorial districts, and the Woodford representative district. Special registration is ordered in the cities of Newport, Bellevue, Dayton and Henderson on Tuesday, July 31.

Ratifications.

Two ratification meetings were held at Lincoln, Neb., on last Tuesday, one by the Populists and Silver Republicans and one by the Democrats. Mr. Bryan spoke at both meetings and the other speakers were Charles A. Towne, Gen. Weaver, Congressman Shafroth, "Cyclone" Davis and Webster Davis.

Will Nominate at Lexington.

The Democratic Committee of the Eleventh district met at Corbin and decided to hold a convention at Lexington July 18, the day before the State Convention, to nominate a candidate for Governor.

The Kentucky Social Labor party nominated James Dwyer, of Louisville, for Governor.

The Downfall of a Snob.

This dispatch is interesting reading:

"London, July 11.—William Waldorf Astor's sudden departure for Germany at the very height of the season, the canceling of all his engagements here and the recall of the invitations which he had issued for house parties on next Sunday and on next Sunday week at Cliveden are universally regarded as signaling the close of his social career in London. It is openly declared here that the Prince of Wales, who is the supreme arbiter of English society, has cut him in consequence of his insulting treatment of Sir Capt. Archibald Milne last week, and London is only too ready to take his cue in the matter from its future King, as Mr. Astor, in spite of his wealth and 'magnificence' of his entertainments, has made many enemies by his extraordinary arrogance."

This being true the social career of Astor is ended; and his social career being ended, there is little left for this ineffable snob to live for.

He left his own country and bought his way into English society because, he said, we have no "gentlemen" in America. That the British stood him as long as they did shows that he found people among them who answered to his conception of a gentleman.

The Milne incident well illustrates that conception.

Astor gave a concert. Capt. Milne being a guest of a lady who was invited to the concert, accompanied her, at her suggestion. This is said to be a usage of English society. In some form it is the usage of all society. Here an invitation would have been asked for the guest whom one wished to take to the concert. This is a custom which is sometimes abused, but it is nevertheless a custom sanctioned by good society. But when Astor saw Milne he went up to the Captain, demanded to know who he was, and ordered him to leave, notwithstanding the Captain's apologies and offer to retire. Not content with this, Astor further showed his conception of a gentleman by inserting a card therein announcing that Capt. Milne was present at the concert without invitation.

This act, probably more than anything else in Astor's career, proves how lacking in the first elements of a gentleman he is. Even if Milne had grossly violated the laws of society no gentleman would have taken the course that Astor did. When one man in his relations to another shows that he is no gentleman that is the time when the other, if he is a gentleman, proves it.

Astor's conduct on this occasion alone fully warrants those who prefer the company of gentlemen in cutting him from their list of associates. It would have been strange if they had put up with him after that. Long ago Wales declared "that man Astor makes me tired," but that man Astor's money kept him aloof until after the Milne affair. Since then the Princess of Wales has invited Milne to sit in her box at the opera, while the Queen gave a garden party to which she invited Milne, but struck Astor's name from the list. The snub by the Prince of Wales is the coup de grace—a fate which the true gentleman would neither desire nor mind if received, but which to Astor is the most terrible that can befall him.

THE NEW YORK WORLD.

THRICE-A-WEEK EDITION.

Almost a Daily—At the Price of a Weekly.

The most widely circulated "weekly" newspaper in America is the Thrice-A-Week edition of the New York World, and with the Presidential campaign now at hand you can not do without it. Here are some of the reasons why it is the leader in dollar a year journal.

It is issued every other day, and is to all purposes a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—"The New York World."

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled newspaper and THE ADVOCATE together one year for \$1.65.

The regular subscription price of the two papers is \$2.

RHEUMATISM

Is due to an acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison, through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain. Rheumatism may attack with such suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one feel uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood poisons, Rheumatism is often inherited, and exposure to damp cold, want of proper food, insufficient clothing, or anything calculated to impair the health, will frequently cause it to develop in early life, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited,

Rheumatism is Strictly a Blood Disease, and no limit or other external treatment can reach the trouble. Neither do the preparations of potash and mercury, and the various mineral salts, which the doctors always prescribe, cure Rheumatism, but ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time aids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S. made of roots, herbs and barks of wonderful solvent, purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and clears the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

Mr. J. O. Malley, of W. Va. writes, Indianapolis, Ind.: For sixteen months I was severely afflicted with Rheumatism. I was unable to feed or dress myself. Doctors said my case was hopeless. I had written you a few lines from my bed, but I had not the slightest hope. A few days after I received your S. S. S. I cured him permanently, and he has never had a rheumatic pain since. This was five years ago.

We will send free our special book on Rheumatism, which should be in the hands of every sufferer from this torturing disease. Our physicians have made blood and skin diseases a life study, and will give you any information or advice wanted, so write them fully and freely about your case. We make no charge whatever for this service. Address, SWIFT SPECIFIC CO., Atlanta, Ga.

CONSOLIDATION. A Letter from Rufus Hadden.

KANSAS CITY, MO., JULY 5, 1900.

My DEAR MR. HEDDEN:—As I have a few leisure moments, I will write you a few lines from this far off Western City, where the grandest and most patriotic set of men ever assembled together: those met to adopt a platform which will be broad and sound enough for every true Democrat; nominated a man whose very name is the very inspiration of true Democracy. As it is my first visit to this western country, and to a National Convention, I had but a faint idea of its magnitude. The crowd is estimated at from 50 to 75 thousand people. I left Mt. Sterling on July 2 on the C. & O. train for Louisville, there we took a special train over the Henderson and Evansville route over the L. & N. railroad for St. Louis. We arrived in St. Louis Monday night at 9:45. From there we travelled over the Missouri Pacific to Kansas City. We passed through the great wheat country of Indiana, saw thousands and thousands of acres of wheat standing in the shock and hundreds of acres not cut, on account of being damaged by rain, also acres of wheat damaged in the shock on account of so much rain. The Big Wabash and Little Wabash Rivers were very full. I saw the biggest corn crop growing in Illinois I ever looked upon, but a great deal of it was damaged by rain, water standing between the rows of corn. Corn in Missouri is very fine and more forward than in Kentucky. I haven't travelled over much of the city yet, but what I have seen of it is fine. I have met a great many ex-Kentuckians. The Kentucky Democratic headquarters was very popular with the other Democratic delegations.

Refus Hadden.

Sources of Prosperity.

Are not Providence and the Farmer entitled to a little credit for our national prosperity?

Republican platform-makers and orators apparently think not, for they are passing the figures of our exports for the last four years as exclusively a McKinley campaign asset.

But will Senator Frye or any other Republican stumper maintain that there would have been one bushel less of grain or one bale less of cotton raised if the election had resulted differently? Would the success of the Democrats have reduced the foreign demand for our surplus one dollar's worth?

Why not be fair and reasonable, even if partisan? Did the fact that our exports were over \$300,000,000 more during Cleveland's last term than during the four years of Harrison's Administration that preceded it prove for the Democrats what you now claim for your own party? Would it not grow even more certain hunger. Give the Lord and labor the credit that is his due—New York World.

An impromptu dance was given at the Masonic Temple last Wednesday night by Messrs. Foley, Conroy and others. It was an enjoyable affair.

About 10,000 people attended the celebration of the one hundred anniversary of Solomon Lodge, No. 5, F. & A. M., at Shelbyville.

Prayer of the Republic.

O Thou God that hastest nations in the hollow of Thy hand, We bow before thee, O Lord, our God, and we pray thee, make our country a land of peace and justice.

On the field of strife and carnage, strewn with wounded and dead, Bathed in blood of dying heroes, waved a banner flaming red.

Teach of children, wives and mothers, waiting, waiting day and night, Washed upon the flag of battle stripes of peace in virgin white.

Stand fast for God and country made a bed of trust and life, And to guide a Nation's footsteps, stars of light came shining through.

Not for courage, honor, glory; white for justice, peace and love; And to guide a Nation's footsteps, stars of light came shining through.

In this age we've lived and conquered mountains, seas and wastes triumphs, all O God, we owe thee this.

From a weak and struggling people, Thou hast raised us to might, And to guide a Nation's footsteps, stars of light came shining through.

Thou hast built this great Republic, our trust, Thou art ever in Thy keeping, sacred refuge of the free!

Seasonable Suggestions.

The following from Printers' Ink was written by one of the greatest advertising experts in the country, and is advice that wise merchants will seriously follow:

Don't neglect your advertising because the weather is hot and people are leaving town. Remember that the trade of the stay-at-homes is well worth having, and that while it may be necessary to offer unusual inducements in order to get and keep their interest during the hot weather, it is much better to do so than to give an enterprising competitor the chance to win some good customers away from you. Take some seasonable things on which you are overstocked, and the things that soon will be unreasonable, and print interesting stories about them. Quote prices that will force attention by their lowness, even if you have to lose a little now and then. It's a very warm day indeed when people won't respond to a genuine bargain offer if they have any confidence in the merchant who makes it. Don't make up your mind that it is going to be awfully dull between seasons, just because it was so last year. Don't sit down and wait for your next busy season to open. Try a different plan this year. Advertising persistently and aggressively right through the hottest weather, making frequent changes of copy, and not forgetting to quote prices that will tempt people to part with their money. That's a good way to keep them thinking of you and your store, to make a reputation for low prices, and to turn stocks over. If you have never tried it, try it now.

A gentleman recently cured of dyspepsia gave the following aptly rendered of Burns' famous blessing: "Some have meat and cannot eat, and some have none that want it, but we have meat and we can eat—Kodol Dyspepsia Curee be thanked." This preparation will digest what you eat. It instantly relieves and radically cures indigestion and all stomach disorders.

The following from Printers' Ink was written by one of the greatest advertising experts in the country, and is advice that wise merchants will seriously follow:

Don't neglect your advertising because the weather is hot and people are leaving town. Remember that the trade of the stay-at-homes is well worth having, and that while it may be necessary to offer unusual inducements in order to get and keep their interest during the hot weather, it is much better to do so than to give an enterprising competitor the chance to win some good customers away from you. Take some seasonable things on which you are overstocked, and the things that soon will be unreasonable, and print interesting stories about them. Quote prices that will force attention by their lowness, even if you have to lose a little now and then. It's a very warm day indeed when people won't respond to a genuine bargain offer if they have any confidence in the merchant who makes it. Don't make up your mind that it is going to be awfully dull between seasons, just because it was so last year. Don't sit down and wait for your next busy season to open. Try a different plan this year. Advertising persistently and aggressively right through the hottest weather, making frequent changes of copy, and not forgetting to quote prices that will tempt people to part with their money. That's a good way to keep them thinking of you and your store, to make a reputation for low prices, and to turn stocks over. If you have never tried it, try it now.

A gentleman recently cured of dyspepsia gave the following aptly rendered of Burns' famous blessing: "Some have meat and cannot eat, and some have none that want it, but we have meat and we can eat—Kodol Dyspepsia Curee be thanked." This preparation will digest what you eat. It instantly relieves and radically cures indigestion and all stomach disorders.

Rev. D. W. R. Harrison preached the sermon at the union service Sunday evening. The sermon was fine. Below we give report:
Text: 1 Tim. 6: 6. Godliness with contentment is great gain. Godliness denotes a likeness to God. To understand his meaning we must know the nature of God.
In studying the divine nature of the spirit, we find two classes of attributes, viz: The incommunicable and communicable. The first are expressed by such terms as self-existence, co-eternity, omnipotence, etc. We cannot be like God in these respects. These are points that must forever separate the finite from the infinite.
The second are everywhere in the Bible ascribed to God and his people. They are expressed by such terms as truth, justice, mercy, holiness, love, etc.
From the foregoing we get a tangible definition of religion.
Its principles are not arbitrary, but spring from the nature of God. We get the true ideal of character. It is divine, not human. Human ideals are subject to two objections, they are defective and would offer a scale of graduation. Nobody graduates in the school of Christ. In the perspective view of attainment there is opened up to us the way of eternal progression in the pursuit or attainment of which he expects to realize the greatest good.
The text teaches that godliness is gain. All are seeking gain. That is gain to a man.
The gain of godliness is apparent when we consider it in contrast distinction from worldly gain. The context says: "We brought nothing into this world and it is certain we can take nothing out. We must leave all temporal acquisitions behind us but our characters will abide."
How unattractive; how false; how worldly acquisitions; how satisfying is the character that unites us to God.

Meandering On the Farm.
A young lady from this city was recently heard to remark: It is a fond dream of mine to become a farmer's wife and meander with him down life's pathway." Not speaking from the real experience, of course, but from observation, we feel safe in saying that this is a nice thing to dream about, but when you have lived on the farm and found this meandering business for a month or so, you will discover a big difference between the dream and reality, says one of our rural correspondents. You will think of this about time your husband meanders off with out wood, and you have to stand up and down the lone-pulling splinters of the fence with which to cook dinner. And when you meander around in the wet clover looking for the cows you will have a dim perception that fond dreams do not always pay out a hundred cents on the dollar and that there are several meanderings in farm life that are not listed in the dream category. And if you are meandering business on the farm is so what it is real as well as so. How many will agree with us?—Ex.
After many intricate experiments, scientists have discovered methods for obtaining all the natural digestives. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodel Dipsosia Cure. It digests what you eat and allows all dyspepsia to eat plenty of nourishing food while the stomach troubles are being radically cured by the medical agent it contains. It is pleasant to take and will give quick relief.

DEATHS.
BALDWIN.
Robert Baldwin, clerk of the Rees House, of Winchester, died of fever on Saturday. His mother died in Madison county on Friday. Both were buried on Sunday at Red House. The father is dangerously sick.
LOCKRIDGE.
Miss Mattie, daughter of Chas. Lockridge, of Spencer, died at the home on Sunday, July 15, 1900, after a protracted sickness with consumption. The funeral service and burial were held at the home on Monday.
PAYNE.
The wife of Robert Payne, who lives near Howard's Mill, died on Sunday morning at the home of her father, Richard Greene. The funeral was held at Union Church by Rev. Frank on Monday.

THE SICK.
Prof. Abner Rogers is at home on the sick list.
Mr. N. P. Tipton in his 91st year is quite feeble and the end may come any time.
Garner, son of J. Hood Smith, of Winchester, has had fever for three weeks, but is improving.
Public Speaking.
Hon. Frank A. Hopkins, of Floyd county, made a telling speech at the Court-house yesterday. He showed himself everything that his friends had claimed him to be. A brave, able and a true Democrat, but by no means infallible. Democracy knows no virtues. He arraigned the national Republican party for deception and errors and his arraignment of the Republican party in Kentucky was strictly in line and while in no way offensive was conclusive in every point. No true man can subscribe to the resolutions adopted at Louisville which approves of the methods of W. S. Taylor during our recent trouble. Hopkins is up-to-date on the issues and amply able to meet any candidate the Republicans may put out.
Judge Amos Davis was brief in his remarks. Had always been a Democrat because he believed the doctrines of that party led to justice between all men. He hailed from Morgan, one of the banner Democratic counties of the District and asks for the nomination purely as a question of merit.
Hon. J. B. White also spoke; he approved the statements of the speakers preceding him and if nominated pledged hard and faithful work.

Brave James Madison.
When a young man, James Madison was elected to the Legislature of Virginia. He wanted a second term of office, and, although nominated, failed of election. Many of his friends deserted him at the polling for his opponent.
And they gave a reason for their decision: "James Madison will not treat us!" He was faithfully warned, but he would not surrender his principles and his honor.
They gave, as a second reason, and perhaps, through shame, emphasized this most: "Madison is a poor speaker!" And so he was, as a young man, but by diligence and practice, he became one of the chief speakers of his state and nation and time.
Nay, more, he became President of his nation, and when his term had ended and he sought re-election little opposition came to him. Let it be known to his honor, while intemperance curses the land: James Madison would not treat!

FACTS AND OBSERVATIONS.
ON A TRIP TO BOURBON COUNTY.
An Interview With Two Aged People.
A Fine Wheat Crop—Prevailing Drought.
On Thursday at noon the writer started in a cart on a trip to Bourbon county for his health and other things. Before he left July he had talked with James Greco and James Manix, the blacksmiths, who seem to be doing a thriving business in smithing, repairing and woodwork. As the farmers are now very busy we saw but few at the stores and towns on the route.
C. T. Flanders always keeps a large stock of merchandise, and from month to month offers special inducements to the trade.
THE DROUGHT.
Evidences of drought appear in the neighborhood of July and continue as far as we went, from July to the bridge, thence by J. C. Arnold's to Peyton Lick, J. B. Crouch's, W. J. Burris', Little Rock, Cane Ridge, North Middletown and to Mt. Sterling.
In a large section of country centering in the vicinity of Plum, the drought is assuming serious phase. Farmers say that since corn was planted there has not been sufficient rain to stop plowing. Stock-water is rapidly exhausting, the pastures are becoming parched, tobacco is backward and, corn is now in that stage to be very seriously damaged. (Of course there are exceptions, but this is the general situation.)
WHEAT.
All is not so discouraging, for the wheat crop is the finest for years in quantity and quality. Around North Middletown especially we saw much wheat and the threshers are busy. Here but a small portion of the crop has been sold. The current price for hard has been 72 to 75 cents on railroad. Many farmers are holding for better prices. Whether they will be rewarded or not depends on conditions which they do not control. The highest price reported to us was a sale of 20,000 bushels at Millersburg to Mr. George W. Baird, of Mt. Sterling, at 78 cents to be delivered July 20th. For threshing the farmer pays 100 per bushel, the contractor furnishing everything. This is becoming more popular than the old way, when the farmer did the man doing the work, etc.
One man said he paid 6 for having his rye threshed, which was 1 more than for wheat. He evidently followed the old way.
On Thursday the curtain of night was shutting out the glories of sunset when the writer left the upland and descended. He called at the home of Thos. Dillon and joined the family at the supper table. Here we spent the night. That Holstein cow of his is a milker. Without neglecting the calf, he can retain 7 to 10 gallon daily for family use.
Mrs. Dillon was Miss Little, daughter of Charles Frazier. We were hospitably entertained.
MRS. GILLISPIE.
As we stepped upon the veranda at the home of F. M. Gillispie we were greeted by his mother. This was our first meeting. We saw that she was an aged woman, yet retaining that sparkle of eye and strength of voice which betokened a vigorous constitution.
As we go from place to place 'tis a pleasure to sit at the feet of these patriarchs and learn of them lessons of wisdom or catch glimpses of the beyond, past and future. Her name is Lucinda Hedges Gillispie. She was born in Bourbon county June 14, 1819, hence is now in her 82nd year. She has had 9 brothers and sisters. Her brother, John Hedges, now 87 years old, lives at Cyrtlands. She was married 59 years ago and has been a widow for 5 years. She has always lived in Bourbon, except for a period of 10 years. She is a member of the Christian Church. She talks readily; sews and reads without glass.

House Burned.
The home of Mr. James Walton at Salt Lick was destroyed by fire on Sunday night. Insured in Rogers' agency of this city.

Her four living children are: Mrs. John Jones, of Columbia, Mo.; F. M. & Brock, who live in the country, and Cap Gillispie, now of Mt. Sterling. As we talked there came the thought of great change and improvements since her childhood and we anticipated the time when she shall go to her reward. Comforting and inspiring is the thought that there is an eternal life when and where sinners not. Ours! to be there.
R. H. Boardman says this is the driest season he has experienced.
Socially we spent a few minutes with Mrs. Roger Burris (nee Trimble, of N. Middletown). Mr. B. was on the farm.
Their fine chickens sell on an average for \$5 each; none less than \$1. The cost of raising foot or animal of poor grade costs as much as does that of fine strains. The wise will take note of this.
W. J. Burris is now in his 71st year. He showed us the first reading book he used at school. It was well preserved and his name was written in it in 1838; also a decorated water pitcher, very attractive, that has been in the family for more than 71 years. Cornelius Simpson (colored) has the reputation of being a fine blacksmith. We supplied his wants.
LITTLE ROCK.
Births—To Thos. Patton and wife, a 11 lb. son; to Mack Ashcraft and wife a daughter.
The merchants, Mr. Evans and A. L. Soper, were giving attention to drummers. Customers were scarce, as farmers are busy.
J. W. Bramblett & Bro. conduct a blacksmith and wood-work shop, making a specialty of repairing and painting carriages. The firm composed of J. W. and George W. have been in business since Jan. 1, succeeding J. W. Bramblett, who has been in Little Rock since Jan. 1855. J. W. married Miss Nannie, daughter of Geo. Henry, near N. Middletown, and has three children. He is a Republican. George W. married Miss Lizzie, daughter of John Ralls, of Sharpsburg. They have 2 children. J. W. is a Democrat.
We have read about the "bored" against itself, but from present indications this firm is doing a thriving business. We saw jobs of fine repainting and varnishing done by them. They are not subscribers. We do not confine our facts and observations to subscribers.
[To be continued next week.]
Change of Firm.
Mr. W. W. Reed of the firm of W. W. Reed & Co., has sold his one-half interest in the hardware business to Lee Orear, who for years has been salesmen in this business.
In the management of W. W. Reed and W. W. Reed & Co., Mr. C. C. Chenault being the Co., this has been a successful and prosperous business. During the entire time the now junior partner, contributed much toward this growing business. The firm is now C. C. Chenault and Lee Orear. Young, active, aggressive, with a determination to amass fortunes, we hope nothing will hinder the securing of the desired goal.
State Convention at Lexington Thursday. County conventions give Beckham the lead. Macy's count not yet heard from. Medley's vote just in and the districts stood Black six and Beckham five. Montgomery gave to Beck.
Republican State convention to nominate a candidate for Governor will be in session to-day. Bradley will be the permanent chairman and John W. Yerkes will be the party nominee. Montgomery county Republicans are for Yerkes.
Democracy will assemble her forces at Lexington next Thursday for the purpose of nominating a candidate for Governor. There is good timber from which to select.

Read This at Your Dinner Table.

"The Indian Witness" says: "The pressure of famine in Western India in some parts of the central provinces is becoming more acutely felt with each passing week. Pathetic appeals for assistance are reaching us from missionaries. A few contributions, however, are glad to say, have come to hand for distribution to those who are fighting starvation and death in behalf of the hungry multitudes. Apart from those to whom relief works are inaccessible, there are many Indian persons and helpless children who must inevitably perish unless private charity soon reaches them. I give us to think of our hungry fellow-Christians, for whom other religions will do nothing, seeing them do so little for those of their own faith. We appeal on behalf of all these classes to the Christian public, trusting God will put it into the hearts of many to deny themselves, if necessary, that they may help to put bread in the mouths of famishing people and save many children from a cruel fate."

While you are enjoying your healthful and homelike repast there are multitudes of people in India who have barely enough food to keep soul and body together, while thousands on thousands are dying of starvation. Many of these are members of churches—our brothers and sisters in Christ. The missionaries ask us for help.

Having concluded the reading, take a family collection at the dinner table, and hand it to your pastor, that he may send it directly where it is needed. If eaters will call attention to the needs of these starving Christians from their pulpits, and exhort each family to take a dinner-table collection the same day, they will help to relieve a large amount of suffering.

The pastors of Mt. Sterling have made a united plea for the sufferers of India, and this plea has been published in all the papers. The banks have consented to act as treasurers of the fund. If a member of our families would act on the above suggestion the fund would be greatly increased. Suppose you try it?

GREAT HEART IS STILLED

Death Comes Suddenly to Judge Irvine Halsey of Battle Creek.

MRS. HALSEY IN EUROPE.

A telegram from Battle Creek, Mich., to Dr. J. W. Pryor Wednesday night contained the sad announcement of the sudden death of Judge Irvine Halsey, of this city, from an attack of heart trouble. The announcement was a terrible surprise.

Last Tuesday a week ago Judge Halsey went to Battle Creek, under the direction of his physician, Dr. Pryor, suffering from a slight attack of what threatened to develop into paralysis. His condition was not alarming in the least and as he needed a rest he decided to spend a month at Battle Creek. A letter received from him here Wednesday announced that he was doing so well that he was contemplating a return home sooner than expected. Late Wednesday afternoon a telegram to Dr. Pryor brought the distressing intelligence that he was suffering from sudden attack of heart trouble and was thought to be dying. The later telegram confirmed this belief. No arrangement have as yet been made as to when the remains will be brought home.

A peculiarly sad feature of the death of Judge Halsey lies in the fact that his devoted wife is now in Europe, whither she went with a party on June 1 to be gone three months.

Judge Halsey was in the fifty-eighth year and was known far and wide as a gentleman of exalted ideas, a citizen of the highest and purest type. He began the practice of law in the city of Memphis, Tenn., in early manhood and was elected to the judgeship of the Circuit Court in that city a few years later, being the youngest Circuit judge in that State up to that time. The yellow fever plague in that city in 1878 broke up his practice and he came to Mt. Sterling, Ky., where he was married. Few men in America were better versed in matters pertaining to the trotting horse than Judge Halsey and his natural love for that noble animal led him into the field of turf journalism in which field he has proved himself an authority and his writings since taking up this work have been printed and copied, perhaps more widely than those of any other turf writer of this country. He was the regular correspondent for years of the American Breeder at Boston and for the Horse Review at Chicago and was at the time of his death the editor of the Kentucky Stock Farm, of this city. Judge Halsey edited the same paper during the years of 1889-90-91-92, which years of its existence were among the most prosperous, and it was to rare ability and distinguished reputation largely that the present success of that excellent journal is due.

Judge Halsey was a Colonel in the Federal army in which he served with gallantry, but after the war associated himself with the Democratic party of whose principles he remained a staunch advocate until 1896, when he left the party. He never grew weary of kindly acts; he did not know what deception meant; his good nature was contagious and he believed that a smile was holier than a tear. No man was his enemy. His desk was near those of the Herald staff and often they sought his advice, which he was so eminently qualified to give, and he bore with them in patience and concurred them when in error with such eminent kindness and good nature that their working hours will be heavier now than they were wont to be. And they stand on the shore today and send across

the sea to her who will suffer most by this sudden blow their deepest sympathy.—Lexington Herald.

Judge Halsey's wife is an aunt of Mrs. W. O. Chenuatt, of this county, where she lived for a number of years. Judge Halsey first took his work on the horse with the Gazette and the position to which he attained was due to J. C. Wood, of the Gazette, and to J. W. Hedden, of the Advocate. Fine bred horses were introduced here by Judge Halsey. Here he was honored and loved.
